

# COME AS YOU ARE YOU ARE

## Grow as you serve on an OM ship

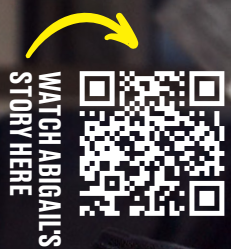

An OM ship is like a microcosm of the world — a place where people from every nation, with diverse skills and life experiences unite to serve God.

Together we support each other as we travel to some of the world's most remote communities sharing knowledge, help and hope.

And the best part — there is a place for EVERYONE. As you step out of your comfort zone, you'll see God use you in the most remarkable ways!

**You've already got what it takes, so why not join us for the journey of a lifetime?**
