A MINISTRY OF OM

Using media to share the gospel

“ It's special to be working in a team of creatives and bounce ideas off each other. It's great to know that the products are going all around the world to people who need to hear about Jesus.

Erin, graphic designer and project manager, USA ”

“ Being on the team, it's very good to see what God is doing all around the world. Nothing has changed from God's side: He is at work and people are finding a living relationship with Him. I'm so glad to be part of this ministry!

Onni, bookkeeper, Finland ”

“ I like creating cutting-edge software and helping people to share media easily.

Daniël, Software developer,
from Netherlands, based in Austria ”
