

COMMUNITY ENGAGEMENT THROUGH THE *Arts*

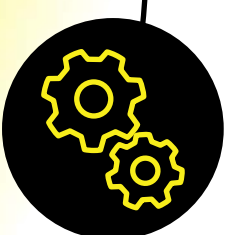

BECAUSE THE **GOSPEL** IS *beautiful*.

Artists, musicians, performers, and curators know how to bring beauty, and lead people to ask the right questions. This course, which is part of a broader training pathway offered by Inspiro Arts Alliance called Incarnate, encourages artists to foster worship across diverse cultures. Why is this valuable? Because artists cultivate Jesus-following communities through creating together. Dive into arts and Bible studies, workshops, interactive and reflective discussion, solo studio time, and group studio time. The spaces available for creating are a visual arts studio, and a music recording studio. Space is also available for dancers/ performing artists.

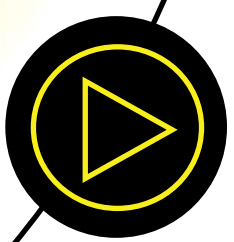

YOU WILL LEARN HOW TO:

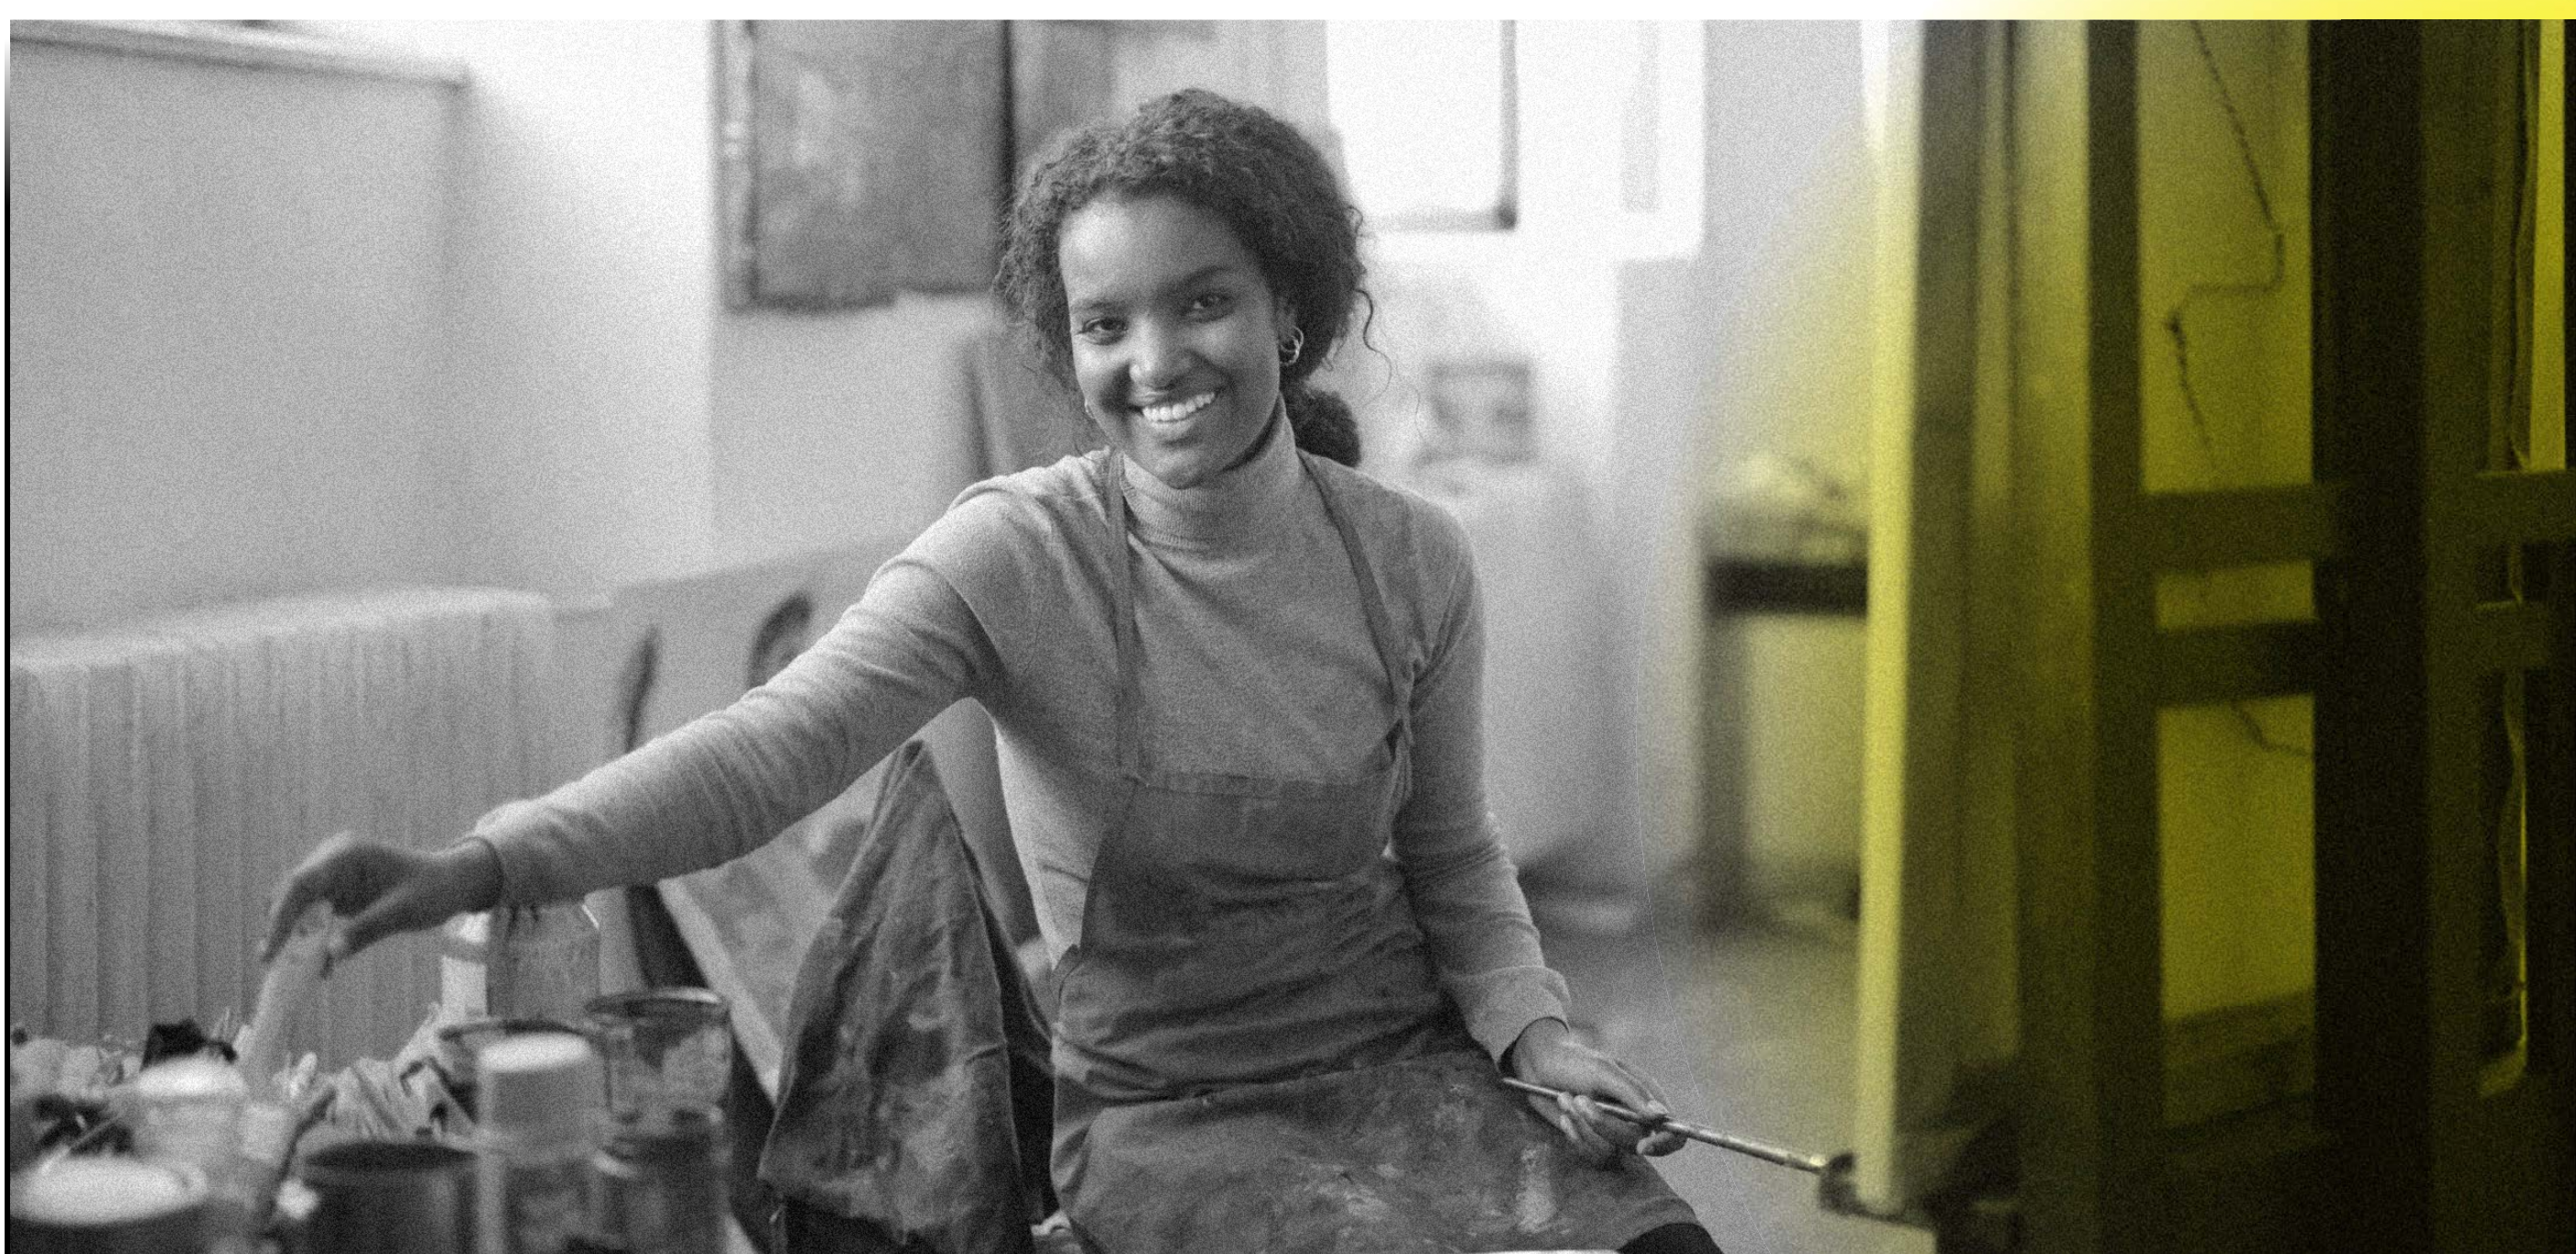

Understand and practice engaging cross-culturally through the arts.

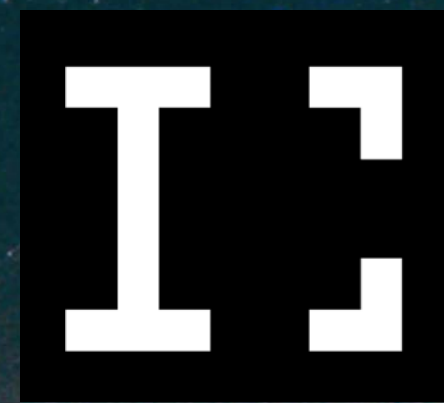

Observe case studies of various artists, who have long-term partnerships with communities of Jesus followers.

Design a practical ministry plan of engagement with a people group using your art form.
