EDITORIAL

Welcome to the first edition of the REACH magazine! It is our joy and privilege to share with you all that which God is doing in and through our REACH programmes around the world.

REACH exists to inspire and equip Jesus followers to see vibrant communities of Jesus followers established among the least reached. This takes place through an intense, residential, discipleship training experience focused on spiritual formation, understanding and becoming part of God's mission and being equipped to reach the least reached. REACH is ultimately a discipleship experience and journey. During their time at REACH, the participants will learn to hear God's voice through His Word, His Spirit, and prayer. They will learn to obey and be constantly shaped by His Word so that they become agents of transformation within their community. They will learn to passionately and constantly share the gospel with those around them, bringing the Word of God to those who have not heard it.

There are currently nine active programmes, a further two that are in recess for 2025 but plan to resume in 2026, and several new programmes looking to start in 2026.

This first edition gives you a quick glimpse of what took place in most of the programmes around the world in 2024, during which over 150 participants graduated from REACH. Many of our REACH graduates are now serving in the field and in least reached areas.

We thank God for being called to this joyful work of inspiring and equipping the next generation of Jesus-followers to go to the ends of the earth and make Christ known, especially among the least-reached.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Gordon Bull', written over a faint circular stamp or logo.

Gordon Bull
Global Director of REACH International

REACH: BRAZIL

UPDATES 2024

We, the training team at OM in Brazil are always working to develop and grow our training ministry.

Our future plan is to have participants from Latin America, Portugal, other Portuguese speaking countries, and Spain. We hope this will enable our REACH programme to become increasingly multi-cultural and allow the participants to experience living as Jesus-followers in a diverse community, not focusing on our differences but on the need for to work together so as to reach the least reached with the gospel. The OM training team in Latin America and the REACH International team have played a major part in helping us to achieve this, through mentoring and coaching us to reach our full potential as a training team ministry. We want to see 'vibrant communities of Jesus followers among the least reached' but we also want to see Jesus followers equipped as they respond to Christ's call to be committed to long term overseas mission. Our programme was from 5 February to 6 July 2024. Our curriculum follows the REACH International guidance, and we emphasise coaching as we equip the participants to 'go'. A major part of the training was focused on VCJF ministry. We had 13 participants. One participant was from Mexico and one from Costa Rica. The others are between outside São Paulo city and the North of Brazil. The group had nine single women, one single man and a married couple. Their ages were between 17 and 30.

For their Practical Ministry Experience they went to Paraguay for five weeks from 19 May to 22 June. They had an opportunity to work with the Muslim community in the area, they did football training with young Muslim boys, visited some families, did some church visits to share about REACH with the young adults, shared their testimony on the radio, did Discovery Bible Study (DBS) with some locals and much more.

Three of the participants are now serving onboard OM's ship *Logos Hope*, two continue learning English at OM in Brazil, two are working at the base in Brazil before going abroad and one has started a ministry project among vulnerable women in her home city.

REACH: BRAZIL

NAIMA'S STORY

"GOD USED REACH TO
RESTORE MY IDENTITY."

"God used REACH to restore my identity. The classes, the transcultural experience both locally and during our mission experience trip were some of the things that enriched my life. All these things taught me that if you are not doing God's will, nothing works. REACH also gives you a better understanding of the needs of the world and God's purpose for me in the world."

MANUEL'S STORY

"I would say that it was transformational because I know that the person who arrived in Brazil is not the same one who went back to Costa Rica. God changed my way of thinking and acting, helping me to grow in my walk with Jesus and in the way I see life."

IMPORTANT DETAILS

Our next programme runs from 2 February 2026 to 3 July 2026.

KEY PRAYER POINTS

- the Brazilian Church to understand the need of VCJF's among the least reached in Brazil and the world
- candidates to find the funds needed for REACH
- OMers from our base as they are a key part for the REACH Programme
- the Holy Spirit to work in the lives of our past and future participants
- the REACH Brazil team as we run the REACH 2025 programme

REACH: CAUCASUS

UPDATES 2024

This year's REACH programme began with a simple desire –to see students learn how to Love Jesus, Obey Jesus, and Share Jesus. We aimed for these students to be transformed by His Words, leading to a healthy walk with the LORD, inner healing, and the formation of teams equipped to start Vibrant communities of Jesus followers (VCJF) that would eventually multiply into the least reached. What we didn't anticipate was witnessing the birth of six new groups of Jesus followers in Azerbaijan and Iran, three of which were second-generation groups. While we expected our students to be changed, we were amazed to see them then baptize others.

We started with nine participants of whom six where able to graduate from REACH. Of the six who graduated, one is now in the process of moving to Kazakhstan serving with OM, two have formed a team in North West Azerbaijan among the least reached, one is serving with his church full time, and one is serving as a disciple maker in Western Azerbaijan, and one continues to reach out and multiply house groups in Iran.

REACH: CAUCASUS

STORIES FROM PARTICIPANTS

“One point I learned is the importance of prayer in our life. Sometimes we pray, just for the sake of praying, but now it is the center of our ministry and in our life.”

“I learned a lot from character development classes. I learned that we can have different personalities and that I shouldn't see people who don't immediately agree with everything I planned to do as my enemy. We should use the differences among us to build the kingdom of God. I really started understanding how a group functions.”

“In REACH, I am very thankful for the Armenian pastor of the Turkish church we attended each week during REACH. We had the Lord's supper together and we worshiped together. An Armenian couple cooked for us every day, and I am very thankful to them as well. Even though there is a war between Azerbaijan and Armenia, they would feed us, they would show us Jesus' love. I would pray for them after every meal.”

IMPORTANT DETAILS

PRAYER POINTS

- Please pray for more staff so we can run this programme again as soon as possible.
- Please pray for mentors for the REACH participants so that they can more effectively train disciple makers.
- Please pray that we would be able to expand the REACH programme into other countries.
- Please pray for the participants, that they would continue strong in serving the Lord especially in training disciple makers.
- Please pray for the long term ministries of our graduates and our students who were not able to graduate as they all are serving our King Jesus among the least reached Azerbaijani People.

REACH: CENTRAL ASIA NORTH

UPDATES 2024

During the final reflection week, we spent a day in the mountains (at 3,800m above sea level). As we enjoyed God's creation, we were reminded how God never stopped being God during our REACH training. Although there were many changes and unexpected happenings, our Father never changed in His love to His beloved children. We tasted His goodness and went through challenges together by grace. We engaged with a local church and rejoiced as we saw young Central Asians come to faith. Our REACH graduation was a celebration of God's faithfulness during the REACH programme. Team members from the region gathered to hear the participants testimonies and the way God had grown them during this time.

At the end of the programme one of our participants said: "I absolutely loved the training, and it's hard to pick just one highlight. Each week brought unique insights and experiences that deepened my faith and understanding."

Another student said that with each new experience, or training, she learned more about herself and what the Bible was teaching her.

REACH: CENTRAL ASIA NORTH

STORIES FROM PARTICIPANTS

"I discovered that sports can be a powerful tool for serving God. You don't have to be a sporty person or a big fan to get involved; you can simply be a spectator or a participant. I learned how to create programmes for kids and youth, including various games and races."

"Through these activities, we can share the gospel and teach important topics in a fun and engaging way."

"I learned how to effectively share the good news with Muslims, including the types of questions to ask and how to respond to some of the common questions they ask Christians. What I liked the most was the four steps of Power Square because it provides a clear, step-by-step approach to sharing the gospel."

IMPORTANT DETAILS

PRAYER POINTS

- Pray for our students to continue to grow in God's grace and love.
- Pray for our students' next steps as they apply to the ship's ministry.
- Pray for the local churches as they care for the new believers.
- Pray for God to continue to lead and direct the REACH programme in Central Asia to equip Central Asians to reach the nations.

REACH: CHILE

UPDATES 2024

In 2024 REACH Chile was set up by the team so the first intake can start in 2025. We are thankful that we were accepted into the REACH community and were recognised as a REACH programme. In 2024 we also got a new accommodation for the participants and the OM team Chile took part in the Coach Mentoring Course. We are excited to have national and international teachers for our first REACH programme later this year.

REACH: CHILE 2025

The programme will start on 1 July and end in November. The programme is being held in Spanish and in English. The newly renovated accommodation offers space for ten participants.

REACH: SAHEL IN GHANA

UPDATES 2024

In 2024 there were 13 participants from Ghana, Nigeria, Senegal and Zimbabwe. During the year, two new subjects were added to the curriculum, Fulani Ministry Training and anti-trafficking training, both aiming to equip the REACH participants even more for their further ministry. During the participants' Practical Ministry Experience, 11 new Discovery Bible Study (DBS) groups were established, and now there are four new churches in Tamale that have started to partner with our REACH programme.

We were grateful to send two of the participants to serve in Northern Nigeria, one to Senegal, one to Madagascar and three to Northern Ghana. Another participant will be joining the OM team in Ghana to serve at a safe house project in Kumasi. The other five participants are returning to their homes to support their churches in their local communities.

REACH: SAHEL IN GHANA

TONY'S STORY

"I'M MOTIVATED TO ENGAGE MY
NEIGHBOURS IN SENEGAL AND THE
YOUTH IN MY CHURCH FOR MISSIONS."

Attending the REACH programme challenged Tony's perspective about cross cultural missions. Before joining the training, he thought that missions is something for Pastors and those who are old, however, that thought was challenged and he realised that sharing the gospel is a key responsibility of every follower of Christ. He learnt how to relate to people cross-culturally and even learning from the Christian community in Ghana since his home country, Senegal, has a Muslim majority. He says "I'm motivated to engage my neighbours in Senegal and the youth in my church for missions."

REACH: SAHEL IN GHANA

COSMOS'S STORY

"I'M EXCITED TO BE A
CHANGE MAKER."

The Practical Ministry Experience Cosmo had in Yezebisi community blessed her life. "The outreach was a key highlight for me to see the spiritual needs of the people who do not know Jesus." All that she learnt during the first two months of discipleship in the classroom helped her to get the tools for the community outreach. She was able to pray for the sick and intercede for those who do not know Jesus. Together with her team, she was able to establish three Discovery Bible Study Groups who meet to discover God together. She is excited to be a change maker.

IMPORTANT DETAILS

Our next programme will run from 9 May 2026 until 22 September 2026. Applications are open until 10 April 2026.

PRAYER POINTS

- Praise and thank God for His faithfulness towards the move to Tamale.
- Pray that the 2024 participants will continue to demonstrate a missional life in the communities they are serving.
- Pray for the new DBS groups to have deeper, daily encounters with Jesus as they proclaim his name among their neighbours.
- Financial provisions for six Sahelians who are willing to join the 2025 programme.
- Financial support for staff members who do not have full support.
- Donors to partner with us in buying the current REACH base which we have been renting.

REACH: MOLDOVA

UPDATES 2024

In 2024, our team in Moldova has made significant progress. The REACH programme will officially resume in 2025 exclusively in Moldova, marking a new phase for our team and participants. We are delighted to welcome new staff members. Having started with only two, we now have a team of seven and are planning to expand to nine members by next year. This growth is a blessing and will strengthen our capacity. Additionally, we have set up the main location at the OM Centre, which is fully prepared to host the programme. Over 80 per cent of the necessary preparations are complete, and the facilities are equipped, including new seating arrangements for our students. Furthermore, we've created two dedicated profiles on Instagram to increase visibility.

OUR STORY

Our team has grown together throughout this preparation journey. We're grateful for a supportive team and a dedicated department leader. The planning process has been transparent, with open conversations and shared vision, which has bonded us as a group.

IMPORTANT DETAILS

Our next REACH programme will run from 1 February 2026 until 13 June 2026.

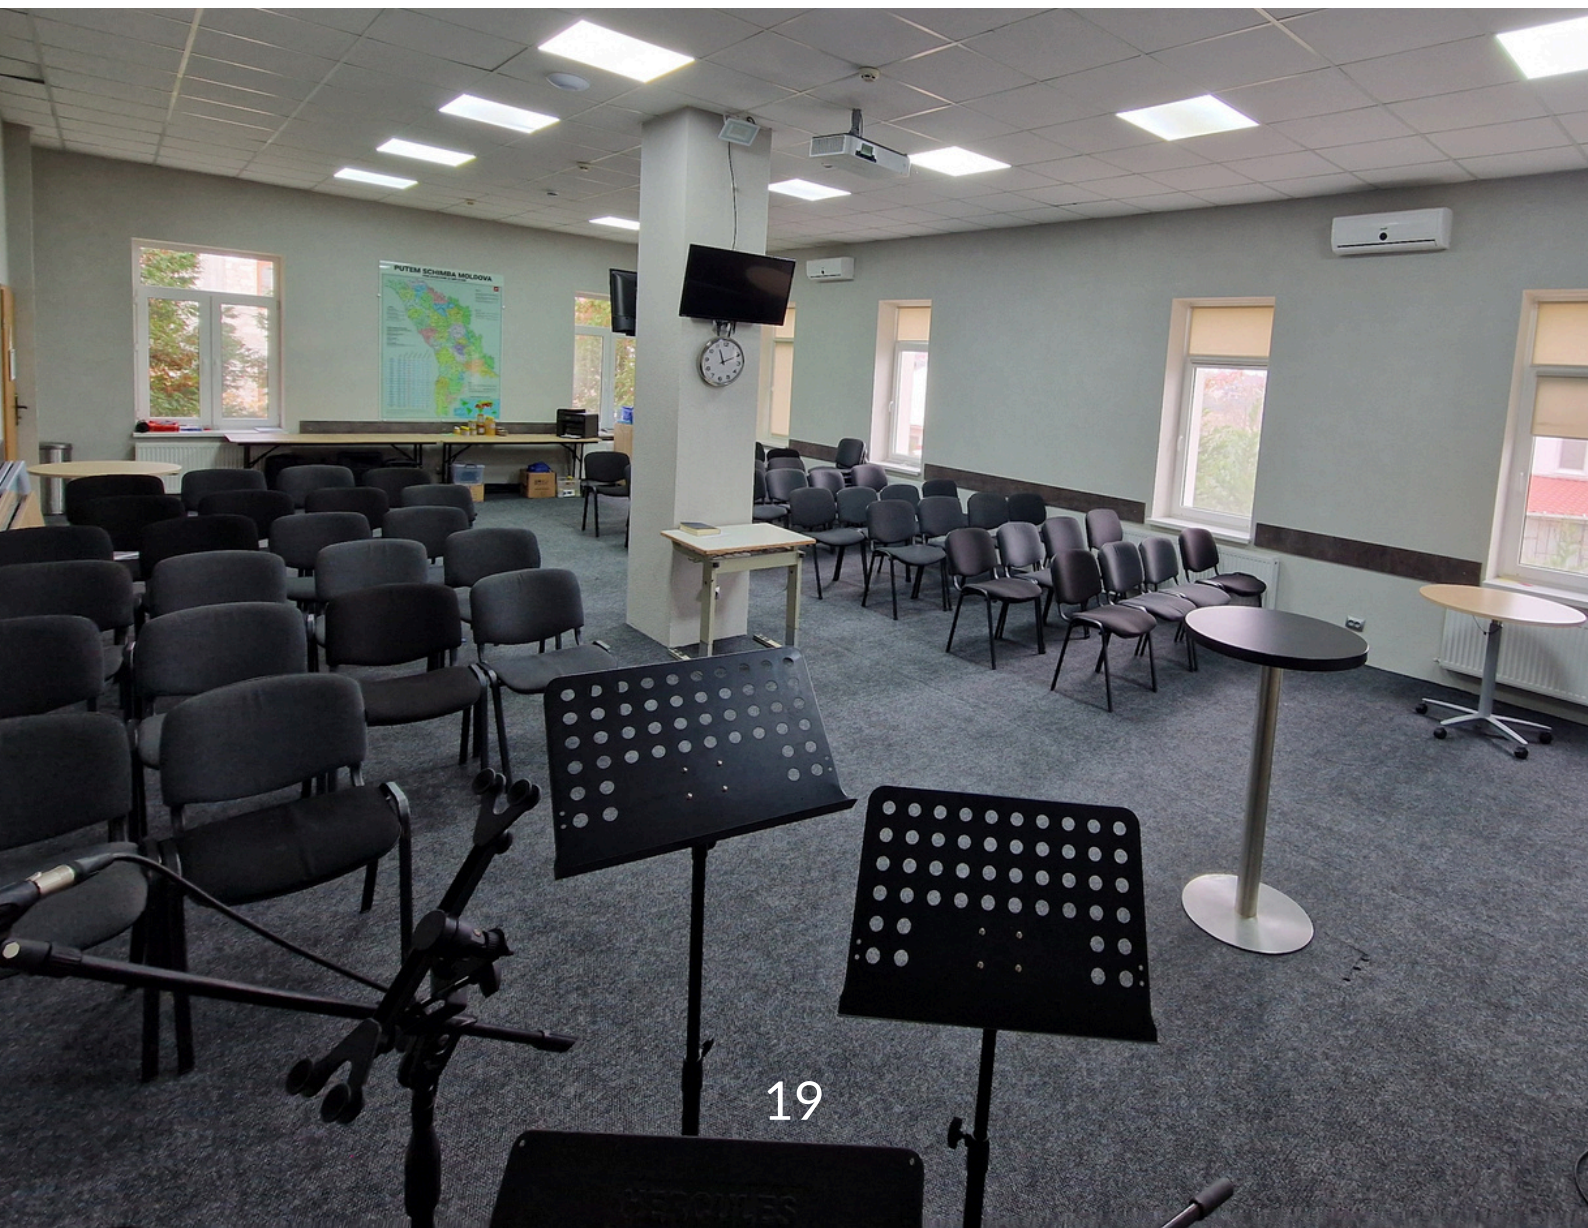

PRAYER POINTS

We are deeply thankful for the blessings we've received in terms of staff and successful preparations. Pray for future participants and for wisdom, guidance, and proficiency in language learning for our staff as we prepare for this impactful year.

REACH: RUSSIA

UPDATES 2024

In May, 14 participants completed their studies at our REACH programme. Six participants decided to continue their studies as the second-year students and now live and serve in the least-reached region of the Caucasus: two in Abkhazia and four in a strict Muslim republic. A missions trip to this least reached region during their first year played an important role in making the decision to serve in the Caucasus. During that trip the students saw the need to share God's love there and God gave them desire to bring God's love to those nations who haven't experienced it yet.

In the beginning of September we welcomed our new REACH students, who decided to dedicate one year of their lives to studying the Bible, knowing God and gaining experience in various types of ministry. Eleven people from across Russia and from Kyrgyzstan have come to study at REACH.

IMPORTANT DETAILS

PRAYER POINTS

- Pray for our REACH students as they recently returned from winter holidays and continue their studies. The second semester is the season of making decisions for the future. Our students will spend about three weeks serving among the least reached in the Caucasus. Pray for them to trust the Lord as they make steps of faith for the future. Pray clarity and wisdom when they will serve in the Caucasus.
- Pray for teachers, pastors and missionaries who come to teach our students. Bless them in your prayers.
- Pray for the REACH team to be solid and united and to effectively serve together.
- Pray for people willing to study at REACH. Ask God to bring right people to study in 2025-2026 school year.
- Pray that God will provide full financial support for our REACH programme.

CONTACT

Contact your local OM office for more information about this REACH programme.

REACH: SOUTH AFRICA

UPDATES 2024

During 2024 there were two teams participating REACH. Team One started in February and consisted of 23 participants. During this time five new staff members and two interns were added to the staff while two staff members left to join OM's ship *Logos Hope*. Throughout the programme, practical outreach took place in many different places. The participants went to a university campus, shared the good news amongst drug addicts, in an informal settlement and offered games and activities in a child day care centre. During the two-week Practical Missions Experience the participants were divided into two teams, one working in a predominantly Hindu and Muslim area, the other one in a semi-rural area. This team was also Stephanie Wessman's final team as the Director of REACH South Africa.

In August 2024, Team Two started their REACH programme. Fifteen participants joined to get equipped for the missions field. At the same time two new staff members and one intern were added to the staff, while two interns moved on, one going to Japan the other one heading towards Poland. Colin Phelps was appointed as the new REACH Director and Annie Lourens became the associate Director.

Weekly practical outreach was conducted on a university campus, amongst drug addicts, in an informal settlement, and in a child day care centre. The two-week Practical Missions Experience was in partnership with a rural outreach ministry in the north of South Africa.

REACH: SOUTH AFRICA

REBECCA'S STORY

"I UNDERSTOOD A LOT
MORE ABOUT GOD'S HEART."

"Through the teaching at REACH, I understood a lot more about God's heart for every people group and that reaching the nations has always been His plan. My relationship with God was hugely strengthened as I was supported to work through some challenges in my life. I left feeling that a half-hearted obedience is not enough for a Saviour who gave his life for me."

REACH: SOUTH AFRICA

SARAH'S STORY

"SURELY THE LORD IS HERE AND

PEOPLE ARE ENCOUNTERING GOD IN

VERY REAL WAYS."

Sarah is a former REACH: South Africa participant. She is now serving in the Middle East and North Africa.

She can really tell how the people around her don't have hope for their future and how their faith is not helping them at all. But in the midst of all that darkness she can see the light of the Lord shining. One of these lights is a believer from a Muslim background she has met. This former Muslim girl met Jesus as a teenager only by reading a tiny New Testament her aunt gave her. She experienced the love of Jesus and her life changed, it is now full of life and hope. Eden says, "Surely the Lord is here and people are encountering God in very real ways."

IMPORTANT DETAILS

Our programme will start on 9 August 2025 and run until 6 December 2025. In 2026 our programme will start on 7 February 2026 and run until 13 June 2026.

During our programme we also run the following two courses which are open to all:

OTHER OPPORTUNITIES

Missions Mobilising Training (MMT) (28 September - 4 October)

A stand-alone programme aimed at mobilising Jesus followers towards the least reached and equipping them to mobilise others.

Catalytic Electives (20 October - 31 October)

Stand alone introductory training presented by various OM Catalytic ministries such as Inspiro Arts Alliance, Ichnos, SportsLink etc.

KEY CONTACT PEOPLE

personnel.za@om.org for applications and personnel inquiries

info.za@om.org for general enquiries.

reach.za@om.org for programme related inquiries. This is monitored by Colin Phelps (REACH Director) & Annie Lourens (Associate REACH Director).

REACH: SOUTH AFRICA 2025

CRITICAL VACANCIES

Immediate

Single male leader with ministry experience, preferably amongst the least reached, with a passion for developing and discipling people towards the nations.

An assistant maintenance person. Someone with practical aptitude willing to work and learn alongside an experienced maintenance manager.

Longer-term

Singles and marrieds with a passion for developing and discipling people towards the nations. Need to have had some ministry experience, preferably among the least reached.

Photos by Lennard Prediger , Caroline Phelps and REACH in South Africa.

REACH: TAIWAN

UPDATES 2024

In 2024, we launched the REACH programme in Taiwan, and it was a year filled with a mix of emotions—highs and lows—but above all, we witnessed God’s incredible work. From providing land to bringing the right team members, we saw His hand guiding every step.

Our staff team in Taiwan is wonderfully diverse, made up of one person from South Africa, one from the Netherlands, one from Hong Kong, and one local Taiwanese staff member. For our 2024 REACH team, we had eight participants from six different countries: two from the United States, two from the United Kingdom, one from Canada, one from Germany, one from Singapore, and one local participant from Taiwan. This rich cultural diversity gave our participants a unique opportunity to learn, live, and serve together as a vibrant community of Jesus’ followers.

Over the course of five months, the participants were equipped to serve in the harvest fields. The programme focused on spiritual formation, mentorship, and practical learning opportunities, ensuring they were prepared for the challenges and joys of ministry.

One of the biggest highlights of 2024 was seeing how God shaped the REACH programme in ways we didn’t expect. While many things turned out differently than we initially envisioned, we trust it was all part of God’s plan, transforming the programme according to His perfect will. We hope you can be a part of the REACH programme in 2025!

REACH: TAIWAN

CURTIS'S STORY

"GOD REMINDED ME TO
SURRENDER MY PAIN AND FEAR.
I EXPERIENCED FREEDOM, JOY,
AND DEEPER RELATIONSHIPS."

Before coming to REACH, I carried years of unresolved hurt from past relationships that left me feeling rejected. I built walls around my heart, struggling to trust others and fearing vulnerability. During lectures and community life, I felt distant and believed hiding my struggles would protect me, but it only kept me isolated.

Midway through REACH, I realised my greatest regret would be not truly connecting with my team. In that moment, God reminded me to surrender my pain and fear. I opened up to my team, and as I let go, I experienced freedom, joy, and deeper relationships. Vulnerability is now my strength, rooted in Christ's love and acceptance.

REACH: TAIWAN

MIRIAM'S STORY

"I LEARNED HOW GOD TRULY
SEES ME—LOVED AND VALUED NOT
BECAUSE OF WHAT I'VE DONE,
BUT BECAUSE OF WHO HE IS."

When I joined REACH, I was shy, unconfident, and felt unworthy to serve God on the mission field. I struggled with fear of failure, believing lies that I wasn't capable of anything useful. The more I focused on myself, the more inadequate I felt.

However, through REACH, I learned how God truly sees me—loved and valued not because of what I've done, but because of who He is. My team helped me understand my worth in God, and I realised that if He calls me, He will equip me. Missions are essential because they bring hope to the lost. Now, with a changed mindset and renewed confidence, I am excited to continue sharing the love and hope of Christ.

IMPORTANT DETAILS

Our programme will run from 21 September 2025 to 24 January 2026, applications will open on 15 February 2025 and close on 22 August 2025.

PRAYER POINTS

- Please pray for the smooth and successful completion of the training centre's construction.
- Please pray for the recruitment of a new key staff member from the local Taiwanese community.
- Pray for wisdom as we are preparing for the next intake.

KEY CONTACT PEOPLE

REACH: UNITED KINGDOM

UPDATES 2024

In September 2024 we welcomed eight participants from seven different countries to the UK for five months. The programme finished in February 2025, with participants having completed training on the Biblical basis of missions, Spiritual formation, cultural awareness, teamwork and leadership, Spiritual warfare, and practical outreach experience.

During the outreach in Moldova in November, the team ran multiple children's programmes with games, a Bible drama, and testimonies. They were also involved in house visits, helping practically, and sharing testimonies and the gospel with those in need.

The team spent Christmas and New Year in Belgium getting involved in the ministry at the Grand Place square in Brussels. They were able to have many conversations about Jesus with tourists, sharing the gospel through art in an art gallery at the square.

REACH: UNITED KINGDOM

STORY FROM A PARTICIPANT

"I grew up in a Christian family and always believed in God.

About four years ago, during Covid-19, I started watching a lot of videos on social media. It determined my everyday life. I was always late, didn't study, argued a lot with my mum and I didn't have time for my hobbies anymore. Watching videos was the first thing I did in the morning and the last thing I did before going to bed. At some point it started to bother me, but even though I tried to reduce my time on social media it didn't work.

Over the course of the past year, God helped me to fight this addiction. It slowly got better, but I was never able to fully let go. God would help me to spend less time on social media, but after a while I would always go back to watching a lot of videos again. At some point I realised that it was actually an addiction. And it was a sin for me too, because it stopped me from spending time with God. When I came to the REACH programme, I started to learn more about myself and a lot of other things. I could understand where this addiction came from, but I still wasn't able to fight it on my own. So I prayed a lot for God to help me.

From one day to the other God changed things. It wasn't really attractive to me anymore to just scroll on social media for hours. Since then I have spent more time on other things I like again. I am spending more time with God as well and I really like that. There have been some bad days, where I did watch a lot of videos again.

"HE IS THE ONE WHO CAN CHANGE US
AND SET US FREE FROM ADDICTIONS."

But it just shows me that I'm not perfect and still need God. And I know that I wasn't able to do anything against this addiction on my own, because I tried and failed for so long. It must have been God and I can tell this story now to glorify him. He is the one who can change us and set us free from addictions."

IMPORTANT DETAILS

Our programme will run from 15 September 2025 until 16 January 2026.

PRAYER POINT

- People to come and volunteer with the REACH team to help the programme run smoothly

REACH: ZAMBIA

UPDATES 2024

The REACH Zambia 2024 programme ran from February until June, at our Kabwe base, which also serves as the home of OM Zambia. We welcomed 16 participants from Zambia, Botswana, Tanzania, the Netherlands, and Paraguay. During the programme participants received foundational training in subjects such as the Lordship of Christ, Discipleship, Missiology, Spiritual Formation, Evangelism and many others. Some of the more unique training opportunities are also provided through OM Zambia's Bethesda Ministry, where participants learn how to work with disabled children and adults, both on a practical and spiritual level. The participants also spend time training and working with OM Zambia's Tabitha Ministry, that seeks to come alongside vulnerable women teaching them valuable skills, whilst also sharing the good news of Jesus Christ with them. The participants found these opportunities particularly challenging and encouraging, as they came face to face with great suffering and saw firsthand how the gospel can bring hope, healing and restoration.

As always, the great highlight of the REACH Zambia programme is the three outreach trips. This year we went to the local village Chifukwa near our Kabwe base, then to the Copperbelt region, and finally we went for three weeks to the village of Okongwati in the north-western region of Namibia. During these trips the participants were able to gain critical practical ministry experience, putting into practice what they had learned and also learn from our experienced partners. They engaged in outreach, helped to run Bible studies, spent time discipling new believers, assisted a church planting team with two new church plants, conducted prayer walks, and sought to share the good news of Jesus as often as possible.

REACH: ZAMBIA

These trips were difficult, and we encountered strong spiritual opposition on a number of occasions, but it was encouraging to see how the participants responded and how they came to learn from the experience of the power and faithfulness of our God. All the students testified of how these three trips forever changed their lives, opened their eyes to see how powerful and faithful God is, and how they came to experience the joy of sharing the good news with those who had never heard it.

After graduating some of our students returned to their home churches, some now serve with OM Zambia, and some went to serve onboard OM's ships. We give thanks to God for them and look forward to our next REACH programme.

IMPORTANT DETAILS

Our programme will run from 9 February 2026 until 4 July 2026.
